Comfort at its best

Know Our Story

At Matrest, we believe sleep is more than just rest—it's the foundation of a life well-lived. Born from a dream to bring world-class comfort to every home, Matrest was founded by Mr. Mayank Bajanka and Mr. Pratik Goyal with a shared vision: to transform the way people in India experience sleep.

Crafted in the serene landscapes of Assam, every Matrest mattress embodies the perfect harmony of tradition and innovation. We source only the finest materials and blend them with thoughtful design to create sleep solutions that are not just supportive, but indulgent. Each piece is a statement of elegance, comfort, and durability built to complement the lifestyle of today's discerning dreamers.

Whether you desire the deep embrace of a plush mattress, the balanced support of a firm one, or the modern versatility of a hybrid, Matrest offers a curated collection designed to suit your unique way of living. Beyond comfort, we bring you peace of mind—knowing that your nights will be restful, your mornings rejuvenated, and your days inspired.

With Matrest, sleep becomes an experience. A luxury you can feel. A promise you can trust. Discover our new collection and let every night remind you why Matrest is more than a mattress—it's where your best life begins.

MATREST

A desk for ideas,
A stage for stories,
A haven for laughter,
A shoulder for tears,
And a companion through it all.

We create lifelong partners in comfort.
Every mattress is a promise to support your body, soothe your soul,
and stay by your side through every season of life.
